A. L. UTZ BULB GARDENS

1209 Faraon Street — St. Joseph; Mo.

Originator and Grower of New Varieties

§ § §

You'll find the new and choice varieties in all colors in this list

My bulbs are grown in the rich sandy loam of the Missouri Valley which insures you of the finest quality bulbs. They are full of life, well cured and will produce for you the largest and most beautiful flowers that you have ever seen.

Every bulb and bulblet is sold under my iron clad guarantee that you are to be satisfied or you may return at my expense.

All bulbs are carefully graded and may generally run oversize, not under. For early orders I will be liberal in count and give extra bulbs. If you have not placed an order with me before, try a few bulbs or write for special quotations on the lot you can use. My customers are well pleased with the bulbs I ship and some order several times during a season.

TERMS

My terms are cash with order.

You may send 25 per cent of the amount of your order and I will hold bulbs for spring shipment.

Stock of some varieties is limited and orders will be filled in order received. No substitution, either in size or varieties without permission, except that I sometimes send a larger size than ordered. Permission to substitute is very helpful to me, and when given I will show my appreciation by giving extra bulbs and count.

All stock subject to prior sale of conditions beyond my control.

Order early to avoid disappointment.

SIZE—L—Large 1 inch and over. M—Medium 3-4 to 1 inch.

S—Small 1-4 inch to 3-4 inch.

I pay transportation in United States on orders of \$3.00 or more.
